we have heard they gave universal satisfaction.

Mr. John Beauchamp, of Horse Cave called in to see us one day this week. He is on the road for shoes, and reports a very good trade.

Mr. Mayfield, the well-known dry goods man, of Nashville, made our town last week, in the interest of dry goods.

Mr. J. H. Smith returned from Louisville last week with a car load of cattle, principally milch stock. You would be surprised to see the number of cows that pass through our place per week, that are purchased from him, and we are glad to say that they are fine looking cows, and have every appearance of being the best for milk and butter. If other sections of the county are as scarce of butter and milk as ours it would take several car loads to supply all the demands. We understand Mr. Smith is selling them very reasonably.

If you would make a visit to our town some day and see the amount of lumber and saw logs, spokes and the number of wagons that are loading and unloading, you would have to make inquiries whether or not this is Gradyville. We take it by the amount of accessible timber in this and adjoining communities, the mill at this place will be running most of the year of 1914. There are a number of hands employed on the mill yard, and business of all kinds is helped by this industry.

This is your humble servants last communication to your valuable paper for the year 1913. During these 52 weeks of the past year, we have tried to the best of our ability to report all news each week, and if we have failed in any way it was not intentional. We wish the News force and many readers a merry X-mas and happy New Year.

California Woman Seriously Alarmed

"A short time ago I contracted a severe cold, which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtell, California. For sale by Pauli Drug Co.
